How to create a Twitter account?

1. Go to the website [http://twitter.com](http://twitter.com)

![Twitter sign-up page](image)

2. Click on the “Sign Up” link
3. Fill in your information and then click on “Create my account”.

4. You will have to open your email where you will find in your inbox an email from twitter with the subject “Confirm your twitter account”. Open that email and click on the link.

5. Twitter window will open again with your email confirmed.

6. For the next two steps you can click on “next” to continue.

7. When you reach this step, your account will be successfully created. You can now change your privacy settings, follow people, ...ect.

8. Sign out from your account.
